

CRESCENDARY MUSIC

Young Creators Music Lab

New Member Interest Form

Youth Music x AI x Creative Technology

Welcome to Young Creators Music Lab!

We want to build a place where young people who love music — and are curious about AI and music creation — can learn, create, and collaborate, and build portfolios together.
Before we begin, we'd like to learn a little about your child's musical background, interests, and ideas.

1. About the Young Creator

Student Name: _____

Age: _____

Current School Grade: _____

Parent/Guardian Name: _____

Parent/Guardian Email: _____

Parent/Guardian Phone Number: _____

2. Music Background

What instrument(s) does your child currently play?

☐ Piano ☐ Violin ☐ Flute ☐ Voice ☐ Guitar ☐ Other: _____

Current music level:

If studying RCM:

☐ RCM 5–6 ☐ RCM 7–8 ☐ RCM 9–10 ☐ ARCT ☐ Other / equivalent: _____

How long has your child been studying music? _____

3. Creative Interest

What interests your child most about music? (select all that apply)

☐ Playing an instrument ☐ Writing melodies ☐ Game music
☐ Not sure yet — still exploring

What kind of music would your child like to create?

If your child already has ideas, a few sentences are welcome:

4. AI & Technology

Has your child tried any AI or music production tools before?

☐ No, not yet ☐ Cubase ☐ GarageBand ☐ Other: _____

5. Creative Practice

Our goal is not for a child to “learn a piece of software” in a few lessons. We want each child to gradually build their own creative practice — experimenting, finishing work, and documenting the creative process along the way.

6. Future Goals

Your child doesn't need to have a career direction in mind yet. We'd simply like to know: if they grow more interested in music creation, in which areas would you like them to learn and build?

☐ Creative portfolio ☐ University application ☐ Music production skills
☐ Composition or songwriting ☐ Film or game music ☐ AI and creative technology
☐ Future creative career ☐ Personal project or studio ☐ Mainly for fun and exploration
☐ Other: _____

7. About Young Creators Music Lab

Young Creators Music Lab is a youth-led, project-based creative community. We want members to go beyond learning music tools and techniques:

Learn

Create

Collaborate

Build a Portfolio

This is not exam-based teaching in the traditional sense. We want children to discover more possibilities through music — developing creativity, collaboration, and independent thinking — and to gradually find their own future direction through continued exploration.

After the foundational course, we invite selected members into the longer-term Creator Incubator, based on creative interest, completed work, sustained commitment, and teamwork.

8. Additional Information

Preferred lesson time: (select all that apply)

- ☐ Weekday evenings ☐ Weekend mornings ☐ Weekend afternoons ☐ Flexible

How did you hear about us?

- ☐ Friend referral ☐ Social media ☐ Crescendary website ☐ Other: _____

Permission to showcase student work:

- ☐ I agree to allow Crescendary Music to use my child's work and name for teaching showcases and promotion.
- ☐ I disagree.

Thank You for Your Interest

Thank you for exploring Young Creators Music Lab with us.
